

At Better Outdoors our goal is to make outdoor living accessible for all homes across the UK, offering stunning, practical solutions to suit gardens of all sizes. Our range of pergolas, verandas, garden rooms and extensions will not only create beautiful new living space, but also redefine your home with their crisp, modern aesthetic and bespoke feel.

Our cutting-edge designs are both robust and completely customisable, allowing you to tailor your new space to suit your needs. Whether you are looking to create a day-to-day living area to enjoy with friends and family, your very own outdoor bar-kitchen to barbecue and serve cocktails to your heart's content, or just a secluded, private spot to relax and exercise, we have the products and expertise to help you bring that vision to life. Our unique building systems allow you to configure your project with glass sliding doors and walls, integrated heating and lighting, privacy blinds and bluetooth modules, all of which can be controlled by most popular home automation systems to ensure simple integration into your home.

Get in touch with us today to discover more about our range of products. A member of our friendly team will be happy to discuss your requirements and construct a complete quotation based on your exact specifications.

Veranda

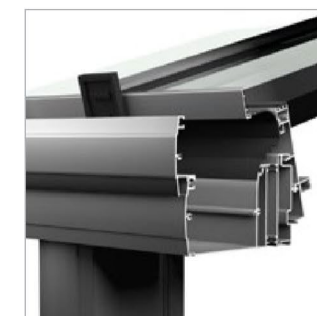

BETTER OUTDOORS Veranda

Enjoy longer sunshine sessions, brighter spaces and more late night fresh air while remaining sheltered and protected at all times. No longer will you have to worry about rain spoiling your party or barbecue, and long gone will be the mad panic to get the outdoor furniture in before the heavens open.

Add glass walls and frameless sliding doors to enclose your veranda and create a full winter garden, allowing you to enjoy your outdoor space in warmth and comfort all the year round.

- 4 unique veranda styles to suit any home
- Robust, full aluminium construction
- Designed for simple and fast installation
- Large open spans of up to 6 metres
- Variable pitch, as low as 5 degrees
- Hidden water drainage and fixings
- Slim 56mm rafters for all styles
- Optional glass sliding doors and walls
- 7 standard colours and 100+ RAL Colours
- Integrated heating & LED lighting options
- Optional blinds for solar shading & privacy

Standard Colours

Insulated Veranda

Incorporates thermal breaks, giving you the freedom to transform your new veranda into a fully insulated living space. Select from a range of insulated sliding glass doors, walls and opening roof-lights to create a true garden room.

Slimline Veranda

A sleek and contemporary veranda, featuring a modern aesthetic and the slimmest sightlines possible. A perfect example of form embracing function. The Ideal veranda for smaller patios or those which will not be enclosed.

Panoramic Veranda

The most robust veranda in our range. Two heavy-duty steel reinforcing options give this system the ability to create clear openings up to 6 metres in width. Perfect for panoramic views and ultra-wide sliding glass door-sets.

Panoramic Plus Veranda

Takes the strength of our Panoramic Veranda and then adds the ability to conceal the head profile of your glass sliding doors into the gutter of the veranda, resulting in a completely flush detail for the ultimate in minimalist design.
