Confident,
beautiful &
practical

Start designing your new bespoke door with our
door-designer feature at door-designer.co.uk

We never stand still at Distinction Doors.

Whilst we feel the choice and quality of our doors are unparalleled; we are constantly striving to raise the bar, to improve our products and to give our customers more.

This can be seen very clearly in the latest addition to our range. It's called next-generation, and for very good reason. The range features our latest innovation where the flush-fitted innerframe sits level with the moulding to give sleek lines and a finish which is unsurpassed.

Symmetry and balance are also very much key elements as we want you to look at your door and feel it is perfect in every way.

What makes a Distinction Door
so special?..

- ✓ Unparalleled security features
- ✓ Exceptional durability
- ✓ Low maintenance
- ✓ Excellent weatherproofing
- ✓ Superb sound insulation
- ✓ Stunning aesthetics

Eclat

It's always time to see the light...

Once you've chosen your door it's time to turn your attention to the detailing - deciding which glazing perfectly suits your choices, your home and your personality.

A decorative glazing panel adds style and personality to your door whilst letting natural light fill your home.

Designed to keep in the warmth and with a large range of different designs, colours and glass patterns to choose from; you are able to give your door the perfect finishing touch.

The ultimate finishing touch for your door...

- ✓ 12 outstanding styles of glazing
- ✓ Triple glazed
- ✓ Create a beautiful focal point
- ✓ Traditional to contemporary choices
- ✓ Allow light to flood into your home
- ✓ Easy to clean and maintain
- ✓ Sophisticated and seamless
- ✓ Laminated glass for extra security

Sidelights

Adding sidelights to your door gives a stylish extra dimension to truly make a statement.

Not only do they look so impressive by extending the glazed area across the entrance to your home, sidelights also allow for more natural light to fill your internal living space. They are available across our Signature Elegance Arch, Esteem Arch and Esteem Eyebrow ranges.

Make a statement, not just a door!

Enclosed Mini-blinds

Perfect when added security is essential.

An enclosed mini-blind is the perfect solution for controlling light and privacy in your home.

Mini-blinds can be handed left or right and have a simple control mechanism to be raised or tilted with one hand. This system uses a magnetic tab rather than a traditional cord, so is completely safe for use around children.

The mini-blind is enclosed within two panes of glass in the frame so never require painting and are protected from damage and dust. They are a stylish finishing touch to any external door.

S

Stable Doors

Let the summer breeze
flow through your home.

A stable door combines style and practicality whilst giving your front or back door a look of real class.

Many who have had a stable door would never go back to something more traditional – and it is easy to see why. They let light and fresh air flow through your home but also the peace of mind that children or pets remain safely inside.

*Choose from the Renown door styles indicated
for your Stable Door.*

S

French & Bi-fold Doors

Enjoy more of the great outdoors...

Stylish bi-fold doors are perfect for connecting your home and garden.

A fresh perspective...

Make the most of those long hot summer days with our stunning French doors.

Our choice of french and bi-fold doors let you enjoy your garden whatever the weather.

They are designed to make the most of your home, both inside and out, as they bring the sunshine indoors by giving an airy feel and rooms filled with light. Both are perfect for entertaining.

S

Solid Doors

Feel safe and secure in your own space.

Door Styles

A solid door is perfect for those who prefer complete peace, privacy and security from their home.

Doing our bit to keep you snug and warm
in your home.

Looking after our world and your wallet...

The rising cost of energy bills and the impact on the environment means we all want to keep our consumption to a minimum. One of the best ways to achieve this is to choose thermally efficient products which keep warmth in and cold out, saving money and emission levels.

ENERGY
RATING

Throughout our brochure you'll have seen that most doors display an energy rating. These are your guide to the most energy efficient products, with 'A' delivering the highest performance levels.

Tests prove a Distinction GRP Composite Door is -

19%

More thermally efficient than a
48mm solid timber core composite door.

17%

More thermally efficient than a
44mm traditional timber panelled door.

FACT

Doors were tested at the University of Salford's Energy House. This represents a typical Salford 1919 terraced house and its construction represents 21% of the UK's current housing stock. The house has been reconstructed in a fully environmentally controllable chamber, in which climatic conditions can be maintained, varied, repeated and patterns monitored. For the test, the inside temperature of the Energy House was 25°C with an exterior temperature of 5°C.
